Professional Objective

Entry-level Software Engineer with internship experience in software quality assurance and hands-on experience developing applications using ASP.NET Core, Blazor, Android, and IoT technologies. Interested in backend software engineering, API development, database design, and building reliable software systems that solve real-world problems.

Internship Experience

Apr 2026 – Jul 2026	Kooapps Philippines Corporation Quality Assurance Intern - Executed manual testing of applications based on predefined test cases - Documented software defects and reported issues using QA workflows - Collaborated with developers and QA personnel to improve software quality
----------------------------	--

Projects

- PlanterAid – Developed a cloud-based IoT monitoring system using ASP.NET Core 8, Blazor Server, RESTful APIs, MySQL, and GPS integration for environmental monitoring.
- Arithmetic Arena – Developed an Android RPG-style educational game using Kotlin, Jetpack Compose, PHP REST API, and MySQL featuring authentication, player progression, and dynamic combat mechanics.
- Ticketing Bros - Developed a movie ticket booking system using ASP.NET Web Forms, RESTful APIs, and MySQL featuring seat reservation, email confirmation, cinema scheduling, and IMDb integration.

Technical Skills

- C#, Kotlin, PHP, JavaScript, HTML, CSS, SQL
- ASP.NET Core, ASP.NET Web Forms, Blazor, RESTful APIs, MVC
- MySQL
- Visual Studio, Android Studio, Git, GitHub

Soft Skills

- Problem Solving
- Analytical Thinking
- Teamwork
- Communication
- Adaptability
- Time Management
- Continuous Learning

Education

2021 – 2026	Mapúa Malayan Colleges Laguna, Cabuyao City, Laguna Bachelor of Science in Information Technology Expected Graduation: November 2026 Dean’s Lister – 1st Year–1st Term, 3rd Year–3rd Term, 4th Year–1st Term
2019 – 2021	Colegio de San Juan de Letran Calamba, Calamba City, Laguna Senior High School – Grade 11 to Grade 12 Graduated with High Honors

Certifications

- CompTIA Tech+ Certification
- AWS Academy Cloud Foundations Graduate
- Cisco Introduction to IoT
- Python Programming Fundamentals - Codechum
- Introduction to Edge Computing - RAN Academy
